

Cab Firms Differ on Nickel Buses; Loss, Gain Seen

Time Waste Cuts Drivers' Earnings, Claim

By HENRY NOLL No appreciable headway was made in solving Madison's transportation problem by Mayor Law's special transportation committee Friday night when managers of two taxi companies differed in their views as to whether a five-cent fare would run the 10-cent taxi business.

D. H. Norman, manager of the Yellow cab, expressed belief that five-cent buses would result in putting a number of cabs and men out of business as most of the patrons would prefer to ride for five cents than pay 15 or more for a taxicab.

Bender Disagrees The opposite view was taken by Robert Bender, manager of the Checker co., who maintained that in his opinion a five-cent bus fare would make no difference to his company as the people still would want the 10-cent cab service.

The committee learned that not all taxi drivers receive as low wages as had been reported. Four individual cab owners, two from Yellow and two from Checker, explained that if a cab driver makes only a small wage it is his own fault by not attending to business.

\$250 a Month It developed from the statements of the men that as high as \$250 has been made in one month after the cab owners had paid off their help and other expenses. The individual owners admitted, of course, that the employed drivers do not make that much money and that their weekly pay averages from \$14 to \$18. However, some drivers work on a commission and one owner said if they would tend to business instead of hanging around pool halls and playing slot machines, they, too, would earn more.

Mayor Law repeated complaints he has received that some cab men are on county relief. One of the cab owners replied if they are, it is because they have not attended to business properly. One man told the committee that his son aver-

Behind The News

By Paul Mallon

WASHINGTON—The new dealers are really most unhappy about having their buses checked panned on them in California.

Chagrin A few of them tried painfully to take the joke of Upton Sinclair's democratic gubernatorial nomination gracefully. Sen. Pope murmured that California would be a good place to try out the socialist system, implying that he did not think much of California anyway, as it probably was a republican state. The always delightful Relief Administrator Hopkins said he was glad Sinclair won, but he did not say anyone else was.

When Hopkins said his remarks in print, he told the newsmen that they would get him in bad, quoting him that way about everything. At any rate, these two happy voices were lost in the roar of violence generally. It was quite evident that the situation had rained all over Sunny Jim Farley. He had "nothing to say."

The reason is that Farley and the other privately feel Sinclair's victory just about wrecks the chances of the democratic party in the fourth largest voting state in the union.

Why If you get them in a mellow mood, you can find out, off the record, that they do not care particularly who is governor of California and they believe their socialist-in-democratic-clothing will be sniped under by his republican opponent in November.

The secret root of their worry is that, with Sinclair at the head of the democratic ticket, they will lose all save one or two of the 11 democratic congressional seats they now hold. (Several administration political leaders have said that privately.)

And that dire possibility arises this year when California's democratic registration showed a 75,000 majority over republican registration. (Continued on page 3, col. 3)

U. W. Instructor, Sailing to Battle, May Find Peace

On board a steamer somewhere west of the Panama canal today a swarthy, well-dressed young man inquired frequently of the ship's radio operator about news bulletins.

It was possibly a matter of life or death with the young man, because he was Guillermo Guevara, Bolivian instructor of Spanish at the University of Wisconsin, whose homeward journey toward war appeared likely today, as he was on the homeward-bound ship in time to join in celebrating peace.

The United States, Argentina, and Brazil have gone far on the way to successful intercession between Bolivia and Paraguay in the jungle war of the latter two. Guevara sailed from New York on Aug. 25 in response to insistent demands that he join his artillery company as a lieutenant of reserves, relinquishing his teaching work in this country.

Cutting Pains NEW YORK—Her operation was painful, but marriage to Prince Serge Mdivani was more so, said Singer Mary McCormick Friday. "I may have been a sucker when I married him, but I was graduated with honors," said she. Upon divorce, she extracted a \$30,000 settlement.

Holly, Slaying Witness, Held

Robbery Victim Tells of Porter's Beating

William Holly, key witness to a fight in which Charles Porter is charged with the murder of Andrew Beinkofner three years ago, was taken into custody Friday by Sheriff Clarence Holman of Iowa county as a "material witness" whom authorities wish to be certain will be available at the trial, it was learned today.

Holly today was lodged in the jail at Dodgeville, while Porter continued to be held in the Dane county jail here to avoid placing him together with Holly and others in the Iowa county cell and to permit further questioning of Porter regarding other crimes.

Case Strengthened The case against Porter apparently was much strengthened Friday when Carlos Buchanan, alleged by witnesses to have been beaten and robbed by the former barber later on the same day on which Beinkofner was killed, gave a sworn statement reciting Porter's alleged attack upon him. Porter is being quizzed about a barber shop bombing, also, and is charged with theft of \$2,500 in a trunk from a farm home.

Beinkofner died on June 5, 1931, but it was not until recently that a post-mortem revealed that a blow on the head and not "heart failure" caused his death, and testimony charged Porter with slaying the aged oil deliveryman during an argument at the Reeves and Porter filling station two miles from Spring Green.

Tells of Robbery The statement of Buchanan was taken at Chippewa Falls by Sheriff Holman and Justice T. Harry Arthur, who drove there from their homes at Dodgeville. Buchanan told of the robbery, in which he is charged Porter felled him with a pistol but as witnesses have said he struck down Beinkofner a few hours earlier, but he could add no testimony regarding Beinkofner's death. He was at the filling station earlier, but did not see the fight, he said.

Milk Bottle Caps Urge Election of Howard Greene

Campaign cards on milk bottle caps were circulated throughout Wisconsin today for Howard T. Greene, Waukesha county dairy farmer and a republican candidate for governor.

The small, round cards, intended to remind the public of his connection with the state's greatest industry, bore the legend: "Elect Howard T. Greene, Republican Candidate for Governor."

The milk bottle caps were sent out from headquarters of the republican state committee in Milwaukee today to every county in the state by Roy L. Brecke, its executive secretary.

Police Present Ounce of Prevention, Save Madison Visitor from Wrong Cure

Police here performed an unusual service for Mrs. Rose Margolis Friday night.

Before Mrs. Margolis started from the home of her sister, Miss Eva Gorsky, Chicago, for her home in Manitowish, she obtained some medicine for a headache.

Friday Detective Patrick Burke received a call from Chicago police, who relayed the information that Mrs. Margolis' headache medicine really was tooth powder, which would make her ill, and asked that she be informed of the mistake.

She was supposed to be staying at a Madison hotel.

A canvass of the hotels was fruitless, but a squad car was notified and intercepted Mrs. Margolis on her way into the city to inform her of the mixup in medicine. She said she would use it to brush her teeth.

Board Rules Majority to Dictate Bargaining for Labor Under NRA

WASHINGTON—(UP)—The national labor relations board today struck at the heart of the strike crisis by granting majority employees the exclusive right to bargain collectively with employers.

The decision was an interpretation of sec. 7a of the recovery act and came as the most important development affecting the rights of labor since passage of the act itself.

It affects literally hundreds of disputed cases and clarifies one of the bitterest points of conflict in the whole New Deal labor scheme.

Applies to All Disputes The board wrote its decision in the case of the Houde Engineering corp., Buffalo. But will apply it to all future collective bargaining disputes.

Refuses Recognition

"The American Federation of Labor will not go into hearings or conferences with company unions," Padway announced. "It will not recognize them and it will not appear in controversies with them."

Robert W. Watts, labor board counsel, overruled Padway's objection and held that the company union might present its case. The A. F. of L. representatives remained as spectators but refused to cross-examine witnesses. They were to re-enter the case today when the company began presenting testimony.

Witnesses for the workers' association presented testimony to refute claims of the striking union that the company union was organized and dominated by former Gov. Walter J. Kohler, president.

Claims Majority Martin Meves, secretary of the association, testified that the organization had 1,800 members when it was organized in September, 1933, and now has 1,890. With the total number of employees said to be 2,114, the workers' association has a majority of Kohler employees in its organization, Meves said. He declared the association was "an active and efficient bargaining agency representing the majority of employees."

The striking A. F. of L. union previously had asked a vote to determine collective bargaining representatives, claiming its membership included a majority.

Meves said his group had obtained satisfactory results in bargaining conferences with Kohler.

Other witnesses said Kohler had nothing to do with the organization of the workers' assn. and was asked to address the men "because he was a better speaker than the organizers."

Union employees had claimed the company used undue influence in organizing the workers' association.

Piquett, Gang Attorney, Also Under Arrest

CHICAGO—(UP)—Smashing unreluctantly at the last remnants of the John Dillinger gang, federal agents today announced arrest of seven persons, including a lawyer and two surgeons, one formerly of Madison, Wis., on charges of aiding the slain outlaw and his followers.

The lawyer, Louis P. Piquett, and the doctors, Harold Bernard Cassidy and Wilhelm Loesser, were arrested Friday in raids led by J. Edgar Hoover, head of the federal bureau of investigation. A clerk in Piquett's office, Arthur O'Leary, was held with them.

Practiced Here, Report Dr. Cassidy, officers said, is a graduate of the University of Illinois and practiced for some time in Madison. His hospital today showed a Dr. Harold Cassidy was an interne there in 1926-27, and had been sent here by the dean of the Illinois medical school.

ST. PAUL—(UP)—The following advertisement appeared here today:

For Sale: For Homer van Meter tooth, found near Madison, Wis., and University ave., where the gangster was slain. Holder of tooth will part with it for \$1,000 or less.

Surgeons Accused Purvis charged that the two surgeons performed the facial operations by which both Dillinger and Van Meter attempted to evade recognition and identification.

Physicians who examined both outlaws after they were trapped and killed by law officers said their faces had been altered and their finger tips mutilated. A dimple was taken from Dillinger's chin and a tell-tale tattoo erased from Van Meter's left arm.

Piquett was attorney for both Dillinger and Evelyn Frechette, his half-Indian sweetheart who is serving two years in the federal prison at Milan, Mich., for aiding him. Agents questioned him at length when Dillinger escaped from the Crown Point, Ind., jail, a few days after Piquett visited him in his cell. He was not held, however, at that time.

Cassidy Indicted Dr. Cassidy is under indictment in Ottawa, Ill., for perjury during a trial in which he testified for Frank Zimmerman, accused bank robber. Dr. Loesser, born in Germany and formerly a resident of Minden, Ia., and Lawrence, Kan., was convicted in 1931 of violation of the Harrison narcotic act and is under parole.

Conforti Girl Held Department agents said Marie Conforti was with Van Meter while he was being hidden in the Finery home in Calumet City, Ill.

Hoover attached extra significance to the arrest of Piquett, the first attorney to be held after recent attacks upon unethical lawyers by Atty. Gen. Homer S. Cummings.

He indicated that further efforts to break up legal connections with organized racketeering would be made soon.

Trucks Rumble Again; Mr., Mrs. Madison Move

Scores of Madison families today had put the dining-room table, father's golf clubs, and baby's buggy into a van and had taken up a new address.

Sept. 1 is Madison's big annual moving day with May 1 a less active celebration.

Truckers said scores of applicants for service have been turned away since the rush began about Wednesday. One firm said it had rejected 30 jobs, its schedule promising to keep all vans busy until after Labor day. Many families ex-

This is due to the fact that there has been practically no building during the past three years and Madison has been growing."

ATTEND THE 4-H FAIR TOMORROW

Tomorrow is too Late

Someone once said "Tomorrow never comes." He was just about right. Those things, like that trip you are going to take, that book you are going to read, or that picture you are going to have taken, well some how, those things just never do get done. And you always regret them later. So don't delay having a picture taken of your son, who will never look quite the same again, with his bright eyes and innocent face. Have it done now. To be certain that it is a portrait that will always breathe distinction make certain that it is "Helgesen Behind the Camera."

Be Kind to Animals

In the lost and found columns of the Gazette the following ad has appeared, "Black and white fox terrier, mostly white. Name Skippy, but deaf. Boy's pet. Reward, Phone 2-4772 or 2-1566."

This notice has more than the usual appeal to the writer and we know it has to our readers and listeners over WCLO who have already heard about the loss of this little dog. Many of us can recall the pangs of sorrow in the passing of pet which has grown up with the family. It is not only the breaking of a close tie but it recalls the childhood of a youngster so intimately connected with a loved pet and it leaves a feeling of desolation in the realization that the joys of childhood are short and man's best friend cannot be replaced.

The owner of this dog while hopeful it might be returned so that the family could care for the little animal in its old age, would appreciate greatly to know just what happened to him. Did he wander away and die, or did some motorist accidentally run over him? A liberal reward is offered and we hope this story will result in some information or clue as to his whereabouts.

Two puppies, one female and one male, will be given away. The mother is part cocker spaniel and a wonderful hunter. Call Evansville 410-J-4.

Long Distance Phone Rates Up

Revised rates for interstate long distance telephone calls—with some moving up, others moving down—will be made effective in Janesville and across the country at midnight tonight. In general, long distance calls up to 582 miles will cost from five to ten cents more while charges for calls beyond 582 miles will be reduced by five to 15 cents. Also, on short-distance station-to-station calls costing 30 cents or less, the initial talking period will be cut from five to four minutes. The Bell System estimates the increases will yield slightly more than 22 million dollars additional revenue annually and that the reductions will reduce income by nearly eight million dollars a year, leaving the system with an annual gain in gross revenue of about 14 million dollars. The revisions are designed in part to establish greater uniformity between interstate and intrastate long distance rates.

Class Play Opens Thursday

Seniors of 1952 will present their class play, "Charley's Aunt," at 8 p. m. Thursday and Friday in the school auditorium. The famous comedy will feature authentic costuming and scenery.

The play is directed by Marian Mitchell. Student directors are Arlene Swanson and Helen Allen.

Members of the cast are Bruce Moe, Robert Urquhart, Harold Magnusson, Sam Judd, James Heiler, Jon Anderson, Kay Kinney, Marilyn Knutson, Carol Kennedy and Pat Munson.

The story, which takes place at Oxford college in 1892, begins with two couples in love, Jack Chesney and Kitty Verdun, Charles Wykeham and Amy Spettigue. When the boys invite the girls out to dinner to meet Charley's wealthy aunt from Brazil who, incidentally, is to be the chaperone, the millionaire aunt fails to arrive, and the boys are afraid their girls will not stay unchaperoned. The story gets involved, especially when a fellow student impersonates the aunt to make things come out right. The rest of the story is packed full of more romance and plenty of mixups.

Tickets are being sold by all seniors.

Beverly Amidon, Edmund McCaffery Wed in Evansville

—Don Every photo

Evansville—Miss Beverly Amidon, daughter of Mr. and Mrs. Lloyd Amidon, 15 School street, became the bride of Edmund E. McCaffery, son of Mr. and Mrs. Ernest McCaffery, Evansville, Sunday afternoon in the Methodist church here.

The Rev. James Saunders officiated. Decorations included yellow daffodils, white pinks, snapdragons and candleabra.

The bride's dress was of white taffeta trimmed with Chantilly and nylon net. It was floor-length and sleeveless with a Chantilly lace jacket. Her fingertip veil was held in place by a bonnet hat in Chantilly lace and she carried pink roses. Mr. Amidon gave his daughter in marriage.

Miss Patricia Fureth was maid of honor. She wore a pale green taffeta dress with a nylon net skirt and top of Chantilly lace. Bridesmaids were Miss Barbara Serracino, Evansville, and Miss Emilene Curless, Madison, cousin of the bride, who wore dresses of yellow and pink. Flower girl was Miss Georgia Curless, cousin of the bride, who wore a dress designed identically to the bride's. Harold Amidon, Brooklyn, cousin of the bride, was ring bearer.

Richard Losey, Evansville, was best man. Ushers were Randy Feldt and Elwood Heacock.

Mrs. C. W. Hazlett presided at the organ and accompanied Mrs. John Wyse, who sang "Because."

A reception for 160 guests was held in the church basement. Assisting were Mrs. Ralph Jones, Albany; Mrs. Ralph Williams, Beloit; the Misses Patty Kearney, Milwaukee, Nan Ten Eyck, Madison, Mary Blum, Carroll college student, Delores Noggles, Patricia Gibbs and Mrs. Donald Olson, all of Evansville.

When the couple left on their wedding trip, the bride wore a pink and grey checked suit with navy accessories. They will be at home after March 23 at 109 1/2 S. Fourth street, Evansville.

The bride attended Madison Business college and is employed as a secretary at the Robertson Transportation Co., Madison. Mr. McCaffery, a 1950 graduate of the local high school, is employed at the Baker Manufacturing Co. here.

German Trainees Visit Fort Plant, Hear E. R. Klasy

Fort Atkinson—President E. R. Klasy of the James Manufacturing Co. addressed 23 German industrial relations trainees Monday following an inspection tour of the Jamesway foundry and plant.

Mr. Klasy spoke on American labor-management techniques and problems to the German students who are studying at the University of Wisconsin under the sponsorship of the state department.

Students attend special classes at the university three days a week. On Mondays and Fridays they make field trips to outstanding Wisconsin industrial and institutional sites under the supervision of Daniel H. Kruger, co-ordinator for the state department.

At the request of the university, Mr. Klasy discussed community relations, drawing upon material previously presented to the teachers of the Fort Atkinson school system.

William Geldard, union president at the James Manufacturing Co., answered questions from the floor in the brief afternoon session. During the lunch hour, "Chore Time Push Buttons," a colored movie, was shown.

Last week the foreign students visited the School for the Visually Handicapped in Janesville.

Accuses Truman of Blocking Loan

Tehran, Iran—Premier Mohammed Mossadegh has accused President Truman of blocking loans to Iran because the Iranians would not agree to British terms for settlement of the Anglo-Iranian oil dispute.

The Iranian premier made his charge in a speech read for him yesterday to a group of 44 Americans and radio executives and their wives, now visiting here.

Mossadegh said he applied for a U.S. loan last fall, while visiting Washington.

Only five of Joe's teeth are his own. His baby teeth were poor, so a dentist pulled all but five on Feb. 13 and installed dentures.

With minor adjustments, his store teeth are expected to last him until his permanent teeth come in a couple of years.

Trial of Reds Long and Slow

Los Angeles—The federal conspiracy trial of California's 15 top Communists goes into its 25th day today, with indications its length may rival the nine-month New York trial of the party's national leaders in 1949.

Arguments on defense motions to strike testimony of the government's early witnesses will occupy today's court session.

The jury of eight women and four men has been instructed not to return until tomorrow, when the prosecution's fifth witness, as yet unnamed, will take the stand.

It has taken six full weeks to obtain the testimony of the first four witnesses in the case. Long readings by both sides, frequent objections by defense counsel, and illness and absences by several attorneys have combined to prolong the trial.

The government intends to present at least 35 more witnesses. The defense may counter with as many more, although it has not yet indicated its full strategy.

The 15 defendants are charged under the Smith Act of 1940 with conspiring to teach and advocate violent overthrow of the government.

Corruption Never Decided Election, Dr. Cronis Says

Fort Atkinson—Corruption has never been the deciding issue in any election in this country, Dr. Carey Cronis, president of Beloit college, told the Fort Atkinson Congregational Men's club Tuesday night.

"You can't lick a strong political power on the issue of corruption," Dr. Cronis said. He said the problems of the world today are rooted in two things—to avoid the blame or to take the credit.

The speaker touched on the decay of thought and intelligence in this country and emphasized that literacy has nothing to do with wisdom. Here he explained that examinations proved that the men who ruled Germany during her cruel Nazi regime were all men of high intelligence.

The educator reported that a person's greatness in life doesn't depend upon intelligence quotient alone since motivation quotient and morality quotient enter in, too. He said that some people are "late bloomers," that is, they develop rather late in life.

"A lot of people we respect today are people upon whom no bets were placed to begin with," Dr. Cronis said. "On the other hand, brilliant students sometimes deviate from the norms. There are many able people who become the poorest influence in the community."

Milton Choristers Sing at College

Milton—An outstanding musical program was presented by Milton Union high school choir to the assembly of Milton college students Monday morning. Under the direction of Mrs. Delores Netzel, several small groups, as well as the full choir, sang.

A small chorus presented the first group which included "My God and I," a Latvian hymn; "Oh What a Beautiful Morning," a Fred Waring arrangement of "A Creole Lullaby" and the spiritual, "Ride the Chariot."

The second group was sung by the choir and included the "Cherubic Hymn," "O Heavenly Light," and "O Holy Lord." A trio made up of Patty Holliday, Roberta Randolph and Nancy Davis sang "I Heard a Voice" and "Hear the Sledges with Their Bells," a musical version of part of Edgar Allan Poe's famous poem about bells. The girls were followed by "Baritone Bob Mansur, who sang "The

Tiny Electric Wrist Watch Is Demonstrated for Press

By ALTON L. BLAKESLEE AP Science Reporter

Chicago—An electric wrist watch, hailed as keeping almost perfect time, was announced today.

It has a little electric motor inside, yet is no bigger than a conventional wind-up watch. It has a barely audible tick, no mainspring, no winding mechanism.

A main secret is a tiny amazing battery, similar in volume to a penny. It runs the motor for more than a year. Cost of a new battery probably will be less than a quarter.

The battery delivers power at an absolutely constant rate. It takes only 1-100,000th of a watt to run the watch.

The wrist watch was demonstrated today at a press conference by Elgin National Watch Co. Only a laboratory model has been made, said J. G. Sherman, Elgin president.

Simultaneously in Paris, the Lip Watch Co. of Besancon, France, announced an electric wrist watch. It differs in many mechanical and electrical respects, Sherman said. The two firms have exchanged information, but each did its own research separately.

Sherman said the electric watch keeps better time than wind-up ones.

The electric watch will cost more, for some years at least, Sherman said, but price was not estimated.

The battery, or energy capsule as Elgin named it, powers a synchroously controlled motor, replacing the usual mainspring and other parts.

The motor develops only 1-75,000,000th of a horsepower. The watch uses so little power that electricity to light a 100-watt bulb would operate 10 million of them.

Tar Heel State GOP Is Divided

Charlotte, N.C.—Conflicting claims over the division of North Carolina's 26 national convention votes enlivened a rousing state Republican convention here yesterday.

An Associated Press poll of the delegates' personal preferences showed Tar Heels leaning toward Sen. Robert A. Taft. The poll gave Taft 13, Gen. Dwight D. Eisenhower six, and seven uncommitted or not expressing a preference.

But Rep. Carroll Reece R-Tenn., southern manager for the Taft forces, claimed 13 delegates had pledged their votes to the Ohio senator. And Eisenhower's North Carolina manager, Sin A. DeLapp, listed 10 delegates for Eisenhower, 10 for Taft and six uncommitted.

Organization of the Tar Heel delegation was completed by the selection of four at-large delegates to the national convention. The delegation, as a body, will go to Chicago in July unimpaired.

Two definite pledges of the four at-large delegates named here yesterday went to Taft. One of the four is pledged to Eisenhower, and one to reporters she was not committed.

Taft forces received a setback when Eisenhower supporter Herbert F. Seawell Jr. defeated Clyde R. Greene as the party nominee for governor.

Hundreds of GI's Wed Jap Brides

Tokyo—Hundreds of American servicemen married Japanese girls today—just in time to beat the deadline for taking their bride home to the United States.

James B. Pilcher, U. S. consul general, estimated that at six consular offices increased the number of servicemen legally married to Japanese to about 8,000.

An accurate count will not be available for days.

Servicemen had to be married by 2 p. m. today midnight Tuesday, EST to benefit from a law which enables them to take their Oriental brides to the U. S.

A few didn't make it.

Chizuko Fukimoto, a nicely dressed, plain looking woman, waited at the front door of the Tokyo consulate until 2:15 p. m. for her sweetheart to arrive from Korea. He never got there.

95 Are Married

Ninety-five soldiers, sailors and marines were married today at the Tokyo consulate. Similar numbers stood beside their fiancées at consular offices in Yokohama, Nagoya, Kobe, Fukuoka and Sapporo and said, "I do" to this question: "Do you solemnly swear that according to the laws of your state you are of legal marriageable age and there is no hindrance, legal or otherwise, to your uniting in marriage with this girl?"

That's all there was.

Some of the couples planned religious ceremonies later, but most based in Japan. Some were on

The bride is a graduate of Palmyra high school and the Sherman hospital school of nursing and is presently employed at Fort Atkinson Memorial hospital.

Mr. Schmidt is a graduate of Fort Atkinson high school and is a member of the United States air force, stationed in Florida. Mrs. Schmidt will reside at 615 Robert street.

Many Bring Children

Air Force Cpl. John W. Amerson of Olympia, Wash., and Teruko Maeoka were the last couple married at the Tokyo consulate.

Many of the couples brought children. Some were born out of wedlock but most were born with the benefit of a Japanese marriage ceremony.

"I have to register my baby here," Air Force Sgt. George Miller of Cincinnati, told a state department clerk after his marriage to a pretty Japanese. "He isn't even registered with the Japanese government, yet. He's three months old. He could just get lost and nobody would know it."

Roadbuilders Ask Supply of Steel

Milwaukee—The Wisconsin Roadbuilders association yesterday advocated allocation of reasonable amounts of steel for essential highway work.

A resolution passed by the group at its annual meeting said the present level of allocation for highway use threatens needed highway building and repair.

The group also repeated its endorsement of the contract system on job bids and worker agreements and urged its use on all highway building.

Elected to the board of directors for three-year terms were Duane Hoffman, Black River Falls; Rudolph Kraemer, Plain; and A. L. Mathy, La Crosse. The convention ends tonight with an address by Governor Kohler.

EASY to pack is Houbigant's Chantilly deodorant done up in a plastic bottle. This \$1 item is anti-perspirant, they say.
SUN glasses to match every costume are to be found in cosmetics. Solid color, check or plaid frames have ground and polished lenses: \$2.98.
BLACK nylon gowns are somehow associated with travelers but the current line in lingerie is fancy enough to capture the attention of the stay-at-home. The \$12.95 nightie has an all lace top and scoop neckline and there's a pretty one for \$8.95.
LINGERIE has a standout, literally, in a permanent nylon taffeta half-slip. In white, black and red, this crisp number goes for \$5.95.
ABOUT the most durable blouse for an outdoor vacation, one that will carry over the time when you are back in the work groove, is a Ship n' Shore. Tops in the line is the golfer made of fine white cotton etched with delicate lines, in color and dotted with woven squares. It's \$3.50.
A NEAT little model, done in white broadcloth, has short sleeves, French cuffs, convertible collar and pearl button trim, white and pastel colors: \$2.98. And a cool little blouse has been created of plaid open work cotton, sleeveless: \$2.98. Also \$2.98 is a white men's shirting, sleeveless, with round collar.
BUTTONS, buttons, who's got the buttons? Bostwick's notions department really shows off its large collection now assembled on revolving racks. Washable, ironable whoppers in plastic and metal and tiny pastel pearlized buttons, they make quite a showing.
VILLAGE GREEN pottery dishes made at Red Wing, Minn., have sold awfully well in the gift shop. Highly glazed Village Green combines a soft green and brown in several unique pieces, such as a bake or broil platter at \$2.95; three sizes of casseroles, \$1.75 to \$4.50, and the individual size for 59 cents. Coffee mug is 75 cents; bean pot, \$1.75 and food warmer, \$1.95. A 16-piece starter set goes for \$8.95. Village Green makes attractive table service for outdoor eating.
INFANTS department has a complete display of beautifully made baby furniture. Most elaborate in the lot is Tiny Tot, a large play pen with plastic biting rail around the top of fence. It's a fold-up model and costs \$15.95. The popular bathnet, carried here for many years, now appears in tinted aluminum. This lovely table-bath may now be had in mint green, yellow, pink or blue and it's \$22.75.
COLOR trims the wicker bassinet on wheels, which, with its hood, makes a royal setting for baby. At \$9.95, the white wicker bed has legs that fold under the basket making it possible to use it in a car.
MANY other conveyances for the baby are here including sleek strollers, sturdy cribs and car chairs.
ALMOST before you know it, baby has progressed from bassinet, crib and play pen to wider fields which brings us to the leather harness that sells for \$1.39.
HERE, too, is a white net with elastic h e m. It's large enough for carriage or bassinet and costs 79 cents.
ABOUT the nicest summer wrap we've run onto is the shrug sweater in ready-to-wear. With three-quarter sleeves, it comes in shrimp pink, white or pale blue, small, medium and large: \$2.95. (Adv.)

Joan Cahill, Robert Merrick Wed in St. Patrick's Church

In a double ring ceremony in St. Patrick's Catholic Church at 11:45 Monday morning, Joan M. Cahill, 617 S. Franklin St., and Robert E. Merrick, 203 Jefferson Ave., were united in marriage. The Rev. John McNamara officiated.

When she walked to the altar on the arm of her father, the bride, daughter of Mr. and Mrs. Edward O. Cahill, was wearing a gown of chantilly lace designed with nylon tulle scalloped yoke and Elizabethan collar, both embroidered with iridescent sequins, a basque lace bodice, long fitted sleeves tapering into points and bouffant skirt. Side clusters of the sequins held her veil of French illusion and she carried a white orchid on her prayer book.

Identical gowns were worn by Beatrice Gilbert, who was maid of honor, and Norma DeFrates, bridesmaid. Of formal design, they were fashioned of cotton blue velvet and net and they were fitted bolero jackets with mandarin collars over the dresses which were styled with basque bodices with a slight drape, square neckline and bouffant net skirts. Matching velvet cloches had side scroll designs of seed pearls and rhinestones and they carried bouquets of peppermint carnations.

Wayne Collins was best man, Joseph Cahill, groomsmen, Clare T. Osgood and Harold Woodrill, ushers. Mrs. Ann Malkie sang "Schubert's 'Ave Maria'" and "The Lord's Prayer."

Snowdrift pompons and peppermint carnations decorated the tables and lounge at the Woman's Club for the wedding breakfast for the immediate families and the reception 125 friends attended from 7 to 9 p.m. The refreshment table which held the three-tier wedding cake with its miniature bride and groom, was covered by a white lace cloth and lighted by white tapers in silver candelabra.

Assisting at the reception were Mrs. Otto Pospeschil, Everett Kelly, the Misses Darlene Butt and

Jean Kerr Becomes Bride of Sen. Joseph McCarthy

By G. MILTON KELLY
 WASHINGTON (AP)—Sen. Joseph R. McCarthy (R-Wis) and Miss Jean Fraser Kerr, an attractive brunette who formerly was on his office staff, became man and wife today at St. Matthews Roman Catholic Cathedral.

Dignitaries including Vice President and Mrs. Nixon and Secretary of State and Mrs. Dulles, along with just-folks friends of the senator and his bride, were invited to attend the solemn Catholic rites uniting them after a long courtship.

Miss Kerr, a native of Washington, D. C., who was raised in the Presbyterian faith, has adopted McCarthy's religion.

Their vows were to be spoken before the Rev. Fr. William J. Awalt, who also conducted the nuptial low mass assisted by the Rev. Fr. Augustine Maloney of Augustinian College here. A reception at the exclusive Washington Club followed.

It is the first marriage for McCarthy, 43, and for Miss Kerr, 29. She is the daughter of Mrs. Elizabeth Kerr and, in her college days, was picked as a beauty queen both at George Washington and Northwestern universities. Her father, William P. Kerr, died some years ago.

McCarthy and his blue-eyed bride have kept secret their honeymoon plans, except to say that a great deal of the trip will be in his native Wisconsin. McCarthy told newsmen yesterday they had planned to be gone four weeks, but that the staff of his Senate investigations subcommittee had persuaded him to stay away no more than three.

McCarthy has recounted that he tried to hire Miss Kerr the first time he saw her in 1946 when she visited a member of his staff. A college student at the time, she accepted the job, but changed her mind and didn't take it. It was not until 1948 that she went to work for McCarthy as a research writer and research worker.

Reports of a romantic interest between them became current several years ago, but Miss Kerr says she rejected McCarthy's early requests for dates because she frowned on the idea of romance with an employer.

Their friends call their courtship a stormy one. Miss Kerr has confirmed that shortly before announcing their engagement she laid down conditions for marrying the senator. She declined firmly to disclose them.

City Pays Honor to War Dead

Janesville saluted its war dead Wednesday morning with appropriate ceremonies at Oakhill Cemetery attended by 600, preceded by a parade through downtown streets. Spectators lined the sidewalks between the Courthouse Park and the city hall as the Janesville Senior High School band, the National Guard, Gold Star Mothers, Boy Scouts and other patriotic organizations and the massed colors paraded through town under a warm sun.

Highlight of ceremonies at Oakhill Cemetery was an address by City Manager George Forster, who told the assembled crowd: "Our duty is to bring peace to every nation of the world so these men will not have died in vain. When the whole world lives in peace and brotherly love they will know that the cause for which they died is triumphant."

"This is their day," he said, gesturing toward the white headmarkers in the plot set aside for war casualties. "They offered their lives on the altar of their country." He concluded his brief but impressive speech with a quotation from a poem written by James Whitcomb Riley.

Ceremonies began with dignitaries marching through the ranks of the Janesville Senior High School band as it played "Onward, Christian Soldiers." The band, led by John Illis, also played "Them Bases" march.

Three senior high Y-Teen clubs invited their mothers and friends to view the concluding program Tuesday evening, a showing of prom fashions. The unique style show, comprised entirely of formal attire, followed a brief ceremony at which the officers of the clubs for next year were installed by the retiring officers. The evening marked the final event for the '56 Y-Teen Club.
New slate of officers for the '58 Y-Teen Club includes Judy Warner, president; Linda Richards, vice president; Joyce Burhans, secretary; Cindy Seidmore, treasurer, and Ruth Ann Drew, interclub council representative.
Incoming officers of the '57 Y-Teen Club installed were Nancy Sherwood, president; Sandy Adams, vice president; Judy Byrne, secretary; Barbara Green, treasurer; and Arlene Thomson, interclub council representative.
Dresses modeled at the program included not only spring formals worn to the senior prom but also winter formals which appeared at the Y-Teen Christmas formal. The varied array of beautiful dresses worn at the Christmas event prompted the idea of a special showing of the many outstanding formals.

Watertown Hopes to Keep Hospital

WATERTOWN — A movement has been launched here to keep St. Mary's Hospital.
News that the hospital is for sale hit the city like a bombshell early this week, although there had been rumors for several weeks that the Missionary Sisters Servants of the Holy Ghost, operators of St. Mary's for 42 years, were giving up the operation.
Headquarters of the religious order in Rome has ordered the hospital sold because there are not enough nuns available to operate it.

The Watertown Daily Times in a page one editorial Tuesday said the city faces a "crisis of major proportions" in the hospital sale.
The paper urged local citizens to write the mother general of the order in Rome and the mother provincial at Techny, Ill., in an effort to keep the hospital in Watertown.
Word of the sale came shortly after the hospital announced it was to receive \$47,100 in a Ford Foundation grant. Plans for a new hospital have been under way for some time.

Russia Mouths Dire Threats

LONDON (AP) — The Russians, continuing their warnings to America's NATO allies, have threatened devastating retaliation for any nuclear attacks from bases in Britain, the Netherlands and West Germany.

Moscow radio made the warnings last night in broadcasts beamed to the three countries.

They followed recent letters from Soviet Premier Bulganin to the governments of Norway and Denmark, only Scandinavian countries in NATO. Bulganin told both countries that Russia wants peace but would retaliate with great destruction for any atomic attack.

The broadcast last night in Dutch commented on Dutch Defense Minister Cornelius Staf's current visit to the United States for talks on military aid. The broadcast said the Dutch people should be told "the grave truth—that the Soviet Union would, in the event of an attack, not shrink from destroying the springboards used for aggression against it."

Commentator Alexander Melnikov declared one H-bomb dropped on the U. S. base at Soesterberg, in central Holland, would "obliterate Amsterdam, The Hague, Utrecht, Amersfoort and the whole area between these cities."

The broadcast to Britain said that in any nuclear war Western European countries could be "hit, and hit hard, all over their length and breadth."

West Germany was told that any move to equip the new German army with nuclear weapons would entail "many dangers" for the country. The broadcast said that West Germany would be the main theater in any atomic war.

Patrol Ordered to End Dumping in Illegal Areas

BRODHEAD — The city council has ordered a patrol of city properties now being used for illegal dumping.

Mayor Carl Synestegard, Chief of Police Duane Youngblood and Clerk Donald Edwards all said at this week's council meeting that they had received complaints about unlawful dumping. City property on the northwest side of town is particularly hurt.

The council pointed out that any dumping after dark is prohibited and punishable by fines.

The council discussed plans to create an 18 car parking lot at Exchange and East Second avenue. The lot would be on land leased from John Wish and from the Milwaukee Railroad. The council will confer later this week on the proposal. Both property owners are willing to lease, the council was told.

In other action, the council:

Grace Estes Retiring as Librarian

Miss Grace W. Estes, for the past 17 years chief librarian at Osterhout Free Library, Wilkes-Barre, Pa., is retiring from the profession and will return to Janesville next week to make her home. Miss Estes, who was a librarian in Chicago, St. Paul, Akron and Springfield before her Wilkes-Barre assignment, will reside with her sisters, the Misses Alice and Helen Estes, 221 Jefferson Ave.

A graduate of the University of Wisconsin Library School, she was one of the first librarians to introduce motion pictures and records in a public library. In 1954 Osterhout Library added a new auditorium for adult educational programs of the library and community. Her library supplies such services as complete issues of the New York Times on microfilm, audio-visual information record and film lending, new business and financial references and foreign language records, a lending library of phonograph records and a weekly series of recorded concerts.

Radio and TV program were developed under Miss Estes' direction. Osterhout was one of 20 libraries to have its TV project accepted for a Fund for Adult Education grant.

Miss Estes, a past president of Pennsylvania Library Assn., has been active in the American Library Assn., a board member of the YWCA, Wyoming Valley Women's Club, Wyoming Valley Brotherhood Round Table and Wyoming Valley Endorsement Board.

Wyoming Valley librarians and trustees of Osterhout Library sponsored a farewell testimonial dinner for Miss Estes with local and state librarians being among the 125 in attendance. She was presented with a \$1,000 bond on behalf of the board of trustees.

Butt-Anderson Wedding Held at First Lutheran

Silk mousseline de soie fashioned the gown which Miss Darlene Butt donned for her marriage to Kenneth Anderson at noon today in First Lutheran Church. The jewel neckline and tulle yoke were bordered with French embroidered lace, sprinkled with iridescent sequins. Panels of lace and tulle formed the bouffant skirt which was chapel length.

A seed pearls tiara held her chapel-length illusion veil. The bride's daughter, Mr. and Mrs. August Butt, 315 S. East St., carried a shower bouquet of white hyacinth flowers and yellow tea roses mounted on a Bible. Mr. Butt gave his daughter in marriage. The Rev. I. A. Suby read the ceremony at the altar which was decorated with twin baskets of white snapdragons and yellow pompons.

Membership is not limited to the Janesville area but includes interested individuals in all corners of the county, campaign officials said.

In addition to free admission to the Tallman Home, members receive the Rock County Chronicle, a quarterly historical bulletin which during the past year has contained feature stories on Ella Wheeler Wilcox, pioneer Rock County cook and recipes, Mark Twain's association with Janesville, C. I. E. Lake, and Indian Ford. Future issues will deal with the Indians in Rock County history and the story of Lincoln's visit to Janesville in the words of people of that day. The society this year is playing host to the District convention of the Junior Chapters of the State Historical Society and will sponsor an old fashioned ice cream social on the grounds of the Tallman Homestead July 14 as part of its celebration of the centennial year of the construction of that historic home. Weekend bus tours this year will take members and their guests through the Kettle Moraine country to Wade House State Park June 16 and during August to the Webster Home at Elkhorn. Members interested in writing and research will form a group active in recording the local history of Rock County.
